COUGARS 1959

Eleven juniors and one sophomore will return for the 1960 football season, plus members of the "B" team.

Those returning hope to carry on the fine Cougar tradition of "Play to the best of your ability and the wins and losses will take care of themselves."

This game started and ended in the same way, with spine-tingling runs by Harlan and Brown. Harlan scored the first Cougar touchdown with a one-yard plunge. Larry Brown raced 51 yards to set up the second T.D. which he scored from his five. Late in the fourth quarter Harlan climaxed an 82-yard drive scoring from one yard out. Then with just three minutes left, Harlan intercepted a Kimball pass and raced 83 yards for the final score. Prda added the extra point.

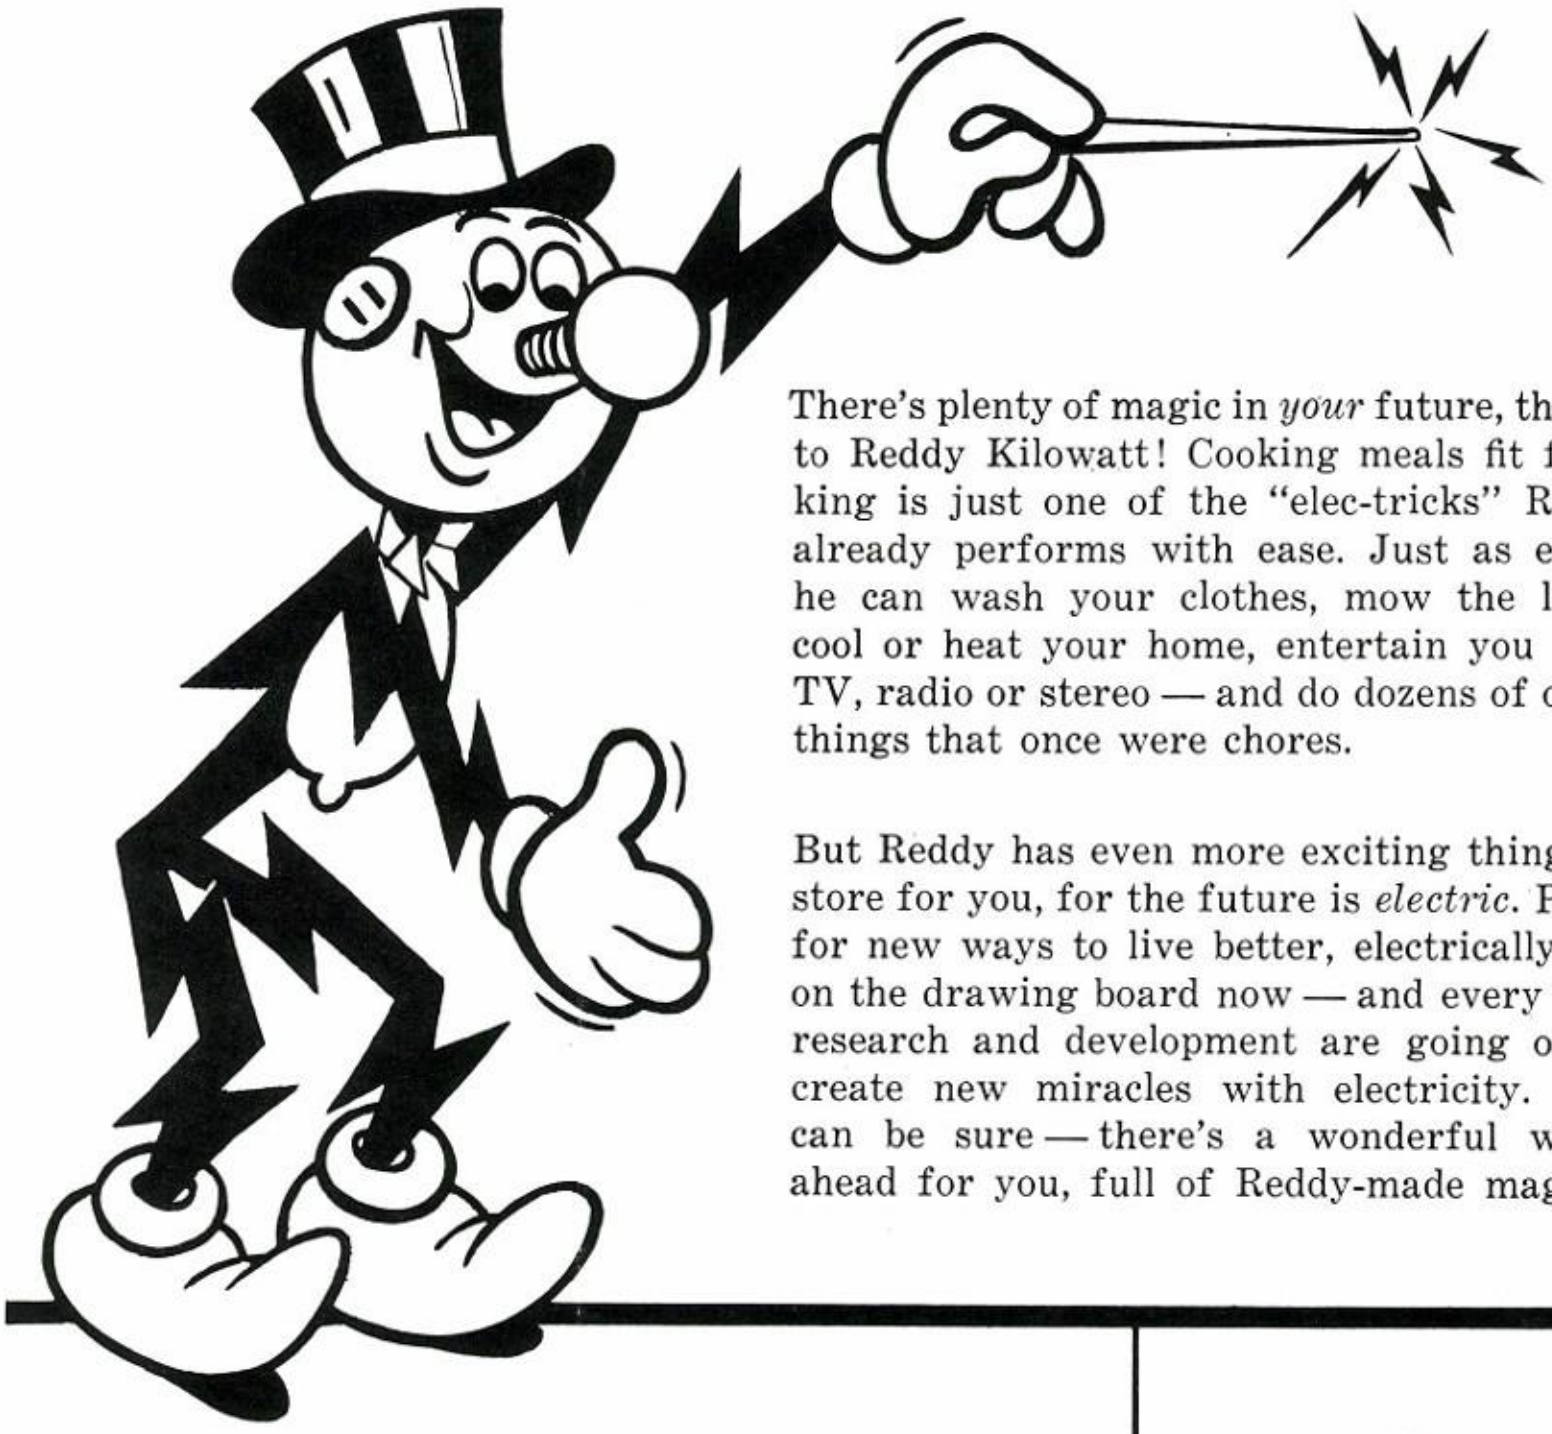
REDDY-MADE MAGIC FOR YOUR *FUTURE*



There's plenty of magic in *your* future, thanks to Reddy Kilowatt! Cooking meals fit for a king is just one of the "elec-tricks" Reddy already performs with ease. Just as easily he can wash your clothes, mow the lawn, cool or heat your home, entertain you with TV, radio or stereo — and do dozens of other things that once were chores.

But Reddy has even more exciting things in store for you, for the future is *electric*. Plans for new ways to live better, electrically are on the drawing board now — and every day, research and development are going on to create new miracles with electricity. You can be sure — there's a wonderful world ahead for you, full of Reddy-made magic!

PENNEY'S

ALWAYS FIRST QUALITY

it's a fact!

Yes, it's a fact that more and more students are shopping at Penney's in Casa View. Why? They've learned that Penney's has the styles, the fashions they want . . . for every occasion. Best of all . . . because Penney's prices are so reasonable, they can boast a bigger and better wardrobe for less than they'd expect to pay! For over 57 years Penney's has been known for its values and fashions (after all, with 1683 stores to shop for, our buyers have the world to choose from). But, don't take our word for it, prove it to yourself . . . it pays to shop at Penney's.

COLLEGE OF OPTOMETRY
UNIVERSITY OF HOUSTON

Are You Interested in a Career of Professional Optometry?

WHO CAN QUALIFY?

1. High School Graduates
2. Completed College courses may be applied toward the degree.

WHAT IS OPTOMETRY?

Optometry is the profession specifically licensed in all 48 states to care for vision, just as dentistry is the profession specifically licensed for dental care.

To be eligible in any state for licensing examination to practice Optometry, an Optometrist must be a graduate from an accredited college of Optometry.

WHAT TRAINING IS REQUIRED?

The six-year course leading to the Doctor of Optometry degree is divided into two years pre-Optometry (basic science) and four years of professional Optometry.

About one-fourth of the Optometry course is devoted to the study of the body, eye diseases, and symptoms of other disease revealed in the eyes. Thus the Optometrist is thoroughly trained in detection of diseases so that he can refer patients for whatever other professional care they may require.

WHERE DO I APPLY?

For further information about the profession of Optometry, write to:

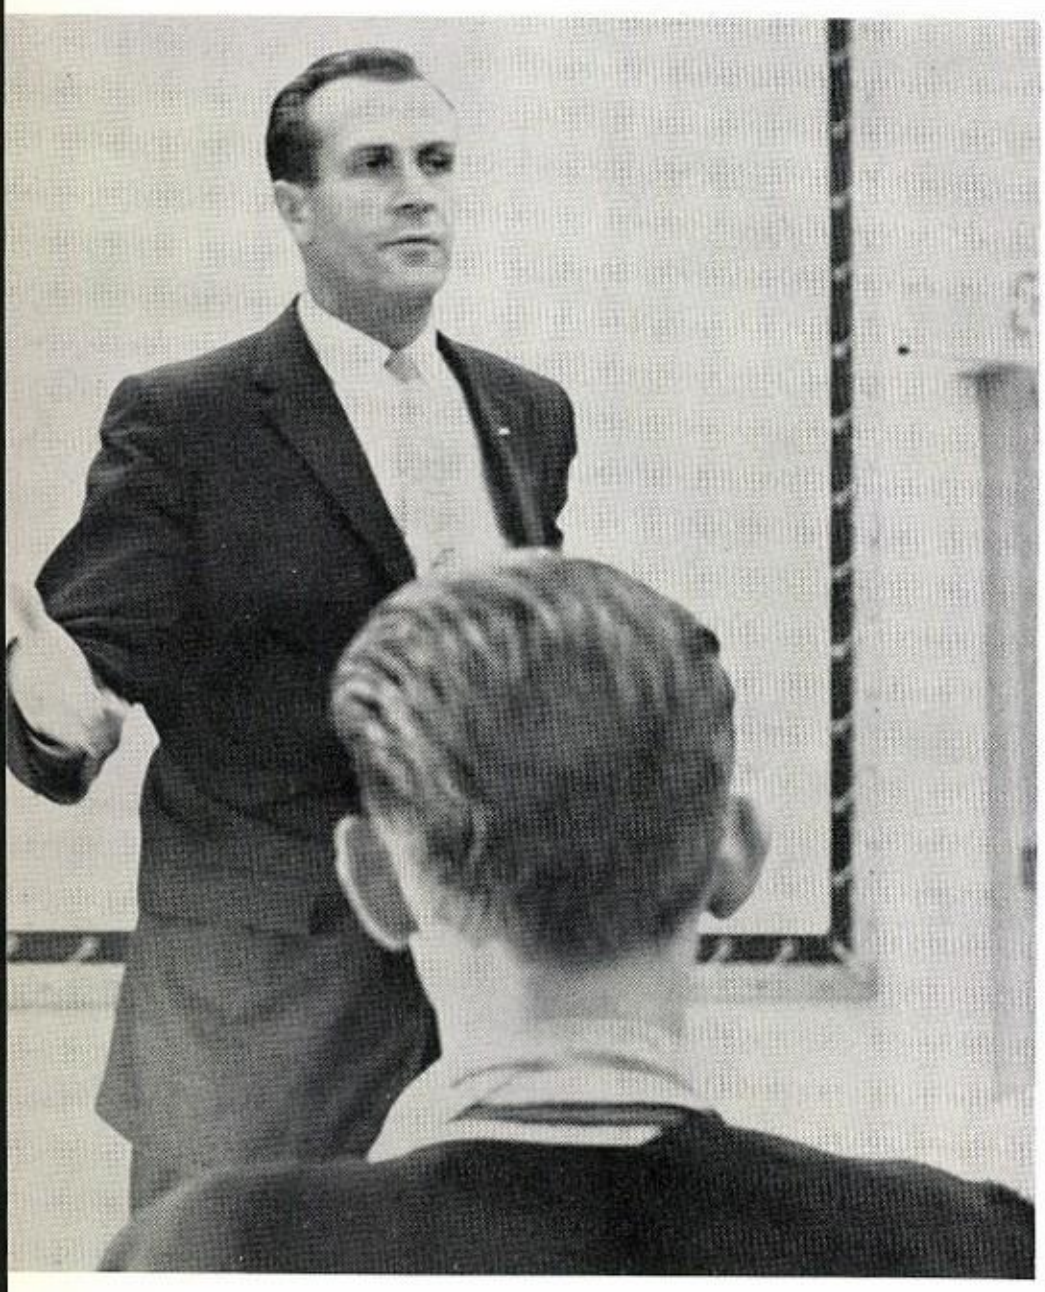
THERE'S ALWAYS A SALE AT ETHEL SHIPP'S



Congressman Bruce Alger talks to debate group.

"Did you see him today?"

You could pass a man dressed by **London Shop** three or four times a day, and never really be aware of it. You'd know only that you saw an important man—a man who looked like no one else. And there's a moral to the story: Clothes may make the man, but **London Shop** makes the important man.
